PHYSICAL SECURITY DIVISION WEEKLY REPORT

14 to 20 February 1985

1. On 15 February 1985, [] former staff officer with the Office of Security and the Office of Legislative Liaison visited PSD/ISB to discuss his assigned project of updating the Standard Security Procedures for Contractors Manual (SSPC) dated 1 May 1979. Pat is under contract to OL/Security Staff and is committed to complete the update in 45 days. Four ISB auditors talked with Pat at length regarding their observations of inconsistencies, inaccuracies and vulnerable portions of the SSPC manual. As a preliminary stage, Pat is gathering information. Nothing is in writing at this time. He will forward an initial draft to PTAS/PSD for comment and corrections.
